

Greater Elmira Tennis Association, Inc.

Contact Information for Medical Emergencies

(form required for 17 and under)

If your child needs immediate care, you as parent must give permission. It's the law. A child may be treated without parental consent when a physician determines a true emergency exists. That means the doctor determines if the child needs immediate medical care and that an attempt to obtain parental consent has been made. Contact information is required for your child to participate in GETA Programs.
